OFFICER-IN-CHARGE

DAVID L. HULL, AMN., USAF
STATION MANAGER

Mr. David F. Thomas
Longwave Listening Post
Radio W.U.M.S.
Proctorville, Ohio
USA

Dear Mr. Thomas,

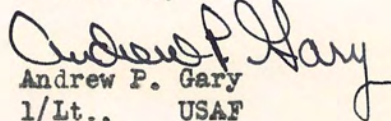

It is with pleasure that I confirm your reception report of this station. I do not doubt that the station you heard was ours, for there have been a total of 36 reports from the U.S.A., and Europe. I am at a loss as to how this phenomenal reception has occurred, except to credit it to unusual atmospheric conditions.

We have recently cut back to an 18-hour day, for technical maintenance, and construction work in our studios. WIND will return to 24-hour service by the middle of this month.

Thank you very much for your very nice letter, and if you ever receive our signal in the future, please let us know.

All best wishes to you.

Sincerely,

Andrew P. Gary
