Midnight Sun Broadcasting Company

Affiliated with • Mutual Broadcasting System • American Broadcasting Company

Anchorage, Alaska
April 7, 1950

Mr. David F. Thomas
Radio W.U.M.S.
Proctorville, Ohio

Dear Sir-

I can't imagine what happened to your letter but it was just handed to me to answer.

We regret that it is not possible to provide verification of your reception of KENI on the information which you supply in your report of December 19, 1949. For the approximately two years we have been on the air we have not used the National Anthem for sign off.

We appreciate reports from the States and are pleased to verify reception whenever possible.

According to our letterhead, you will notice that this company also operates Station KFAR, Fairbanks, on a frequency of 660 kilocycles. They will also appreciate a report from you, should you be able to hear them.

Sincerely yours,

Ralph E. Walker
