RADIO ACTIVE IN WEST ALABAMA

December 13, 1963

Mr. David F. Thomas
Longwave Listening Post
Radio W.U.M.S.
Proctorville, Ohio

Dear Mr. Thomas:

May this letter serve as confirmation of your reception of our station on December 9, 1963.

We appreciate your tuning us in way up there in the north country. Snow and blizzards? Really! The low last night in our fair city of Tuscaloosa was 40 degrees. Our only problem in the realm of weather seems to be rain, rain, and more rain in the winter season.

Our station has been on the air here about 5 years. This may be the reason for no previous reports on us up that way.

Have a jolly holly and a cool yule.

Frantically,

Dave Peacock
Chief Engineer
