Mr. David F. Thomas  
Proctorville, Ohio,

Dear Sir:

This is to verify your reception report of the test program  
ran by WHRT, January 15, 1957, 3:30 - 4:00 CST.

Also we wish to thank you for your very informative report.

According to our DX'er reports thus far received, we believe,  
CNBL in Havana gave WHRT more interference than had been  
anticipated, but even with this strong interference we have  
certainly been surprised as well as gratified to have received  
so many DX'er reports. Received reports, so far, from  
Ohio, Illinois, Pennsylvania, Tennessee, Oklahoma, Florida,  
New Jersey, Iowa, New York, and Colorado.

Thanks again, I am

Sincerely,

GENE NEWMAN
