Dear Mr. Thomas:

This is to thank you for your reception reports of February 2, 1981 and verify it as correct. We received letters on this test from Illinois, Missouri, Delaware, Pennsylvania, Nebraska, Wisconsin and yours was the only report from Florida.

I looked back through our files and found your postcard that was dated March 11, 1951 and mailed from Proctorville, OH. Just thought that you would like to know that we still have that report on file.

Thank you for your report.

Sincerely,

Robert E. Williams  
Chief Engineer
