Dear Mr. Thomas,

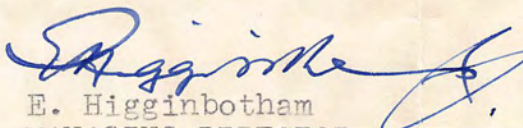

We were pleased and interested to receive your letter and card dated 18th February last, reporting reception of this station in Proctorville. Any further information you are able to supply would be very much appreciated.

Unfortunately, we are unable to send any of the literature usually distributed by us, owing to the conditions prevailing, but we have been successful in obtaining some photographs of this town and district, which are being forwarded under separate cover, together with our Q.S.L. card.

We look forward to hearing more from you.

Yours faithfully,
