

GENERAL HEADQUARTERS  
SUPREME COMMANDER FOR THE ALLIED POWERS  
CIVIL INFORMATION AND EDUCATION SECTION  
RADIO UNIT

Tokyo, Japan  
7 August 1946

David F Thomas,  
Proctorville, Ohio

Dear Sir-

I have just received your report of reception of JOAK on 30 December 1945- I wish to verify your report and state that we appreciate it- We were transmitting the programs you mention at the times stated- Power input to antenna was 50 kw on 870 kc-

At present you are more likely to hear the identification NHK which means Nippon Hoso Kyokai or Broadcasting Corporation of Japan- The identification JOAK is given infrequently-

Thank you very much-

Yours truly,

*William Hames*
