Dear Mr. Thomas,

Your long and interesting letter is greatly appreciated. I think the best thing I can do is to send you a copy of our schedule for April 1st, 2nd and 3rd. The actual wavelengths in use were 730 Kc/s throughout the day carrying the English and Chinese programmes. 850 Kc/s carrying the Malay and Dayak programmes.

Yours faithfully,

J.R. Sandison,  
Chief Broadcasting Engineer,  
for Director of Broadcasting.
