COOLIDGE  
CASA GRANDE

GILA BROADCASTING CO.

1150 KC -- 1000 WATTS

March 13, 1951;

Mr. David F. Thomas,  
Box 1613,  
Proctorville, Ohio.

Dear Mr. Thomas:

Thank you very much for your detailed and interesting letter regarding our special NNRC program of March 5, 1951.

Your son sent us enough information to enable us to confirm his reception. It is too bad that you experienced so much trouble at your own location, and I hope that you have been able to locate and remedy the cause by now.

I have nothing to add to your diagnosis of the trouble in the National receiver. Given the same symptoms, I'd start in just as you outline in your letter.

It is uncertain when we will be able to schedule another DX program, but if and when we do I hope you will have good luck.

Sincerely,

KCKY - Gila Broadcasting Company
