Nov. 14, 1951

David F. Thomas
Proctorville, Ohio.

I am happy to confirm reception of our 1340 transmitter signal. on Nov. 5th 1951. You were fortunate, since then we have changed frequency to 580 K.C. & increased power to 5,000 watts daytime non directional and 500 watts night time pattern. Our freq. check is still scheduled for the same time 2:00 til 2:15 M.S.T. on the first Monday of each month. We will be happy to send a verification card if you can receive us on our new frequency.

Respectfully

E. E. Stouy
