Ohio

Thank you very much for your fine report of reception of KIFN test program of Feb. 13, 1951.

Please accept this verification with our kindest regards, your report has been checked with our log of that date, and found to be quite correct. We are very happy that we were able to put such a good signal into your area. In spite of some interference from KPAN and WNEL.

We are on the air the second Thursday of each month from 3:15 to 3:30 AM MST. We would appreciate any further report from your area on one of these test periods.

I spent a couple of years or so as transmitter engineer with WLW et al, you might tell the fellows down there hello for me, if you are ever in Cincinnati, tnx.

Thank again for the fine report,

sincerely,

Ed Pool
