David F. Thomas
Proctorville, Ohio

Dear Sir:

This is to verify your report on our DX program of
3-1-36.

Glad to know that we were putting out such a good
signal, and you were right in the selections you named.
Have had quite a few reports from around that neck of the
woods.

trusting that you may have the opportunity of
logging our station again, I remain,

Sincerely,

E. N. Sturdivant
