P.O. BOX 848,
PRINCE RUPERT, B.C.
July 11, 1947

David F. Thomas,
Procorville,
Ohio.

Dear Mr. Thomas:

I beg to acknowledge your letter of June 27th, requesting a check on your reception, of our signals on October 31st, 1945.

On checking our logs, against your report, I feel reasonably sure, that you heard our broadcast of that date.

The power used on that night, was Fifty Watts. Transmission was from Twelve to One AM, on that date, which would correspond with the times mentioned in your report.

We are now installing a new 250 Watt Transmitter and hope that we may hear from you again at some future date.

Sincerely,

C.H. Insulander, Mgr.
