Dear OM:

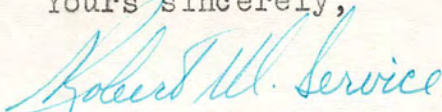

It is with pleasure that we confirm your reception of CHWK's special DX program February 15th.

There is much coincidence in receiving your report. Jack Pilling, our Manager-Director, and I were talking about the DX programme when our receptionist handed me your letter. Mr. Pilling had just mentioned that he used to put on DX programmes with the old rig back in the early thirties. Sure enough when we opened your letter, you mentioned one ~~of~~ one of those broadcasts. Needless to say, CHWK has come a long way since then.

We'll be offering another DX programme April 18th 1:00-2:00 AM. Perhaps you'll be able to hear us again at that time.

Thanks again for your welcome report. Best of DX and 73's.

Yours sincerely,

R.W. Service, VE7AA,
