Dear Mr Thomas,

I am happy to acknowledge your reception report and on the strength of the announcement times, "verify" that reception. These times coincide with our logs and of course that is all we can go on.

Unfortunately I cannot report a smashing success for KIEV's DX program. We experienced all sorts of interference (adjacent channel) and some on our own frequency according to some of the DXers. Perhaps some future test can prove more mutually satisfactory. I am sorry that Mr Wilkinson did not participate in the broadcast, however a very firm station policy concerning, outside personnel prevented our inviting him. It is gratifying to have a staff such as ours, who gave so freely of their time to make the show. I would like to thank you and NRC members who took the time to interest themselves and send us reports and acknowledgements of the program..

Best wishes and good DXing
