Dear Mr. Thomas,

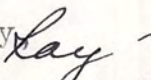

Thank you for your letter of November 19th concerning our November 5 freq. check. We were on the air from 1200-1215 PST as we are each month with a 1 Kc. tone and occasional identification.

This will confirm you're hearing us I am sure, and we thank you very much for your interest. It is good to know some fellows still listen for BCDX.

Santa Barbara is 100 miles NNW from Los Angeles on the Pacific Coast. It is a town of about 50000 people with the principle industry being retirement-hi! There is some fishing but mostly it is residential with some citrus and small manufacturing.

Thank you very much again and if I can be of any service please call on me.

Sincerely,

Ray Kubly, Chief Engineer
