Ohio

Dear Mr. Thomas:

We were very happy to get your card in the mail this morning, telling us that on December 8, you picked up the KSFO signal from 3:15 to 4:00 AM.

It is gratifying to hear from listeners such as yourself, and to learn that occasionally we are received by points very distant from our transmitter.

Thank you for writing.

Sincerely,

A. E. Towne,  
Director of Engineering
