Mr. David F. Thomas
Longwave Listening Post
Radio W. U. M. S.
Proctorville, Ohio

Dear Mr. Thomas:

Thank you for your report of reception post-marked April 1. Happy to hear that you are picking us up in Ohio.

Your report of reception is correct. It jibes perfectly with our log. Radio KUDU operates on 1000 Watts of power, at 1590 kilocycles, 19 hours per day, 5 AM through 12 Midnight off at 12:05 AM. We are an independent music, news, and sports station.

From the looks of our mail bag we were really beaming out over the air waves March 31 and April 1.

Our coverage map is enclosed for your general information. Thank you for your interest. Best wishes to you and keep D-Xing us.

Sincerely,

Radio KUDU
