January 18, 1950

Mr. David L. Thomas
P. O. Box 1613
Proctorville, Ohio

Dear Sir:

This will serve as confirmation of your reception of KVEN on January 1st, 1950 from the hours of 4:15 to 6:40 PST.

This station does not normally stay on the air for a twenty-four hour period but on that particular night we were on and were very pleased to hear of our reception since it is the first we have received from your area.

Equipment used here is the Collins Radio 300-G transmitter with a 278 feet guyed tower on the beach approximately one mile from the city of Ventura.

Many thanks for your signal report and many more dx's to you.

Very truly yours,

Richard B. Stanton
Chief Engineer
