Dear Mr. Thomas:

Thank you for your fine report on the DX program for the NRC, Feb. 20. It was the best report we had from Ohio. Have many good ones from the East coast.

You asked about equipment, etc. We have the latest RCA 1K job. Radiating system is directional west, with only about 75 watts going east. Hence I'm surprised at the many fine reports.

Hopeing we can arrange a better listening date for all concerned next year.

Yours truly,
