Mr David F. Thomas

Radio WUMS

Proctorville, Ohio

Dear Mr Thomas,

Glad to hear that you copied our signal on November 1. And we hope that you'll excuse the delay in our sending this verification letter. We here at WNAB have been pretty busy these last few weeks trying to keep our station on the air. We lost our transmission line and doghouse in a storm and flood a few weeks ago, and after operating with temporary facilities for nearly a month we have finally got new equipment installed. Your reception report is satisfactory, and the selections that you noted correspond to the ones that we played.

Our transmitter here at WNAB is Collins, and much of our audio gear is Collins, Western Electric, RCA, and Gates.

Thanks a lot for your reception report, and thanks again for bearing with us in waiting for this verification letter.

Sincerely,

*Norman S. Howard*  
*ch. eng.*
