4th February, 1936.

Dear Sir,

I have to thank you for your post card dated January the 16th, regarding reception of the Athlone Station.

It is confirmed that Radio Athlone was transmitting on 565 KCS, (531 m) a special test programme between 6a.m and 8a.m Greenwich mean time on that date.

It cannot be stated when further tests will be carried out.

Yours faithfully,

*T. J. Monaghan*
