Re.: ITALIAN TRANSMITTERS MONITOR

Dear Sir,

We received your letter of the 10th of September 1964 concerning your listening on our transmitters.

We inform you that our transmitters on 1367, 1448, 1484 and 1594 kc/s frequencies are working jointly with other European transmitters synchronized on the same frequencies. In effect their utilization is restricted to a very limited range of zones.

The Cagliari station on 1061 kc/s and the Caltanissetta one on 566 kc/s have the aerial power of 25 kW.

We thank you very much of your welcome information and we remain, dear Sir,

Sincerely yours,

RAI - RADIOTELEVISIONE ITALIANA
