

RAI . RADIOTELEVISIONE ITALIANA

Cagliari, 22/4/1965

Dear Sir,

referring to your letter concerning listening report of our station of Cagliari, I am glad to give you explanations you asked for. All broadcasting stations in the whole Italy are grouped under the RAI-Radiotelevisione Italiana, in three networks, i.e. National, 2nd and 3rd program; the general direction is in Turin (for TV in Rome).

As your report referred also to some stations out of Sardinia your letter was sent to our direction for more details; for this reason the answer came from Turin.

As to your reports I confirm that Rome 2 (845 KHz) is 2nd network, while Cagliari 1 (1061 KHz) and Caltanissetta 1 (566 KHz) broadcast National Program. Caltanissetta 1 goes local every day at 7,15 a.m. as you stated, while Cagliari 1 goes local at 8,30 a.m. (not at 7,30) only on Sundays.

Yours very truly.
