Dear Sir;

This letter will verify the reception report sent to us here at WDSR dated July 15th.

As you didn't say just exactly where you were at the time of reception, I couldn't say whether you have made an exceptional pickup.

The information in your report is what was happening here at WDSR and there is of course no doubt that it was us you heard.

Hoping this is what you desire in the way of a reception report,

I remain-

Very truly yours ,

Richard L. Cook C.E.
