

December 18,1970

Dear David;

I really enjoyed your history of WKIX ;having been here only three years I know very little about the station in years past.

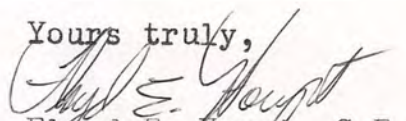

Pete Warren of Salem,Oregon holds the record for distance so far and yet to have complaints about interference from Spanish Stations even though I have heard them here when we have been on Directional Pattern,when I was in a null area of our pattern.

During 57 and 58 I worked for WSUN xmtr,near Gandy Bridge, and have had a lot of fun and success fishing in Tampa Bay.

Thanks very much for the information and your nice letter.

Merry Christmas and Happy New Year to you and yours.

Yours truly,

Floyd E. Houpt C.E.
