Dear Mr. Thomas:

Thank you for your very interesting reception report received today concerning our New Year's Eve program.

We operate with a power of 1,000 watts directionalized by a three tower array and an approximate east-west direction.

We are attaching a program schedule for your information and also passing to you the advice that we operate until 1:00 AM Mondays through Sundays. You might be able to pick us up on some other occasions.

We are concerning the possibility of staying open until 2:00 AM on Saturday evenings for a "Florida Calling" program. It might also be possible to hear this at some future date.

Very truly yours,
