Dear Mr. Thomas:

This letter is to confirm your reception of WPOM on the date and time specified in your letter. We are most pleased to have the station heard at such a distance even if it is for short periods of time.

WPOM operates 24 hours a day with 1000 watts both day and night. The nighttime operation is with a two-tower directional antenna with main lobes essentially East and West.

If you should ever be in the area, please stop by and we will be happy to show you around.

Sincerely yours,

A handwritten signature in blue ink that reads "James M. Johnson". The signature is fluid and cursive, written over the typed name.
