Dear Mr. Thomas:

This will verify your report of receiving this station's frequency test transmission on October 14th between 4:16 and 4:20 AM, EST... Your description of our broadcast is correct... Many thanks for the information.

I am very familiar with your country up there as I was Chief Engineer at WLOG in Logan, W. Va. for one year and part of that time was Station Manager there.

Again, many thanks for all the information.

Yours very truly,

Charles L. Clifton
Chief Engineer WRHP
