Dear David:

Going through my files I showed no note of answering your report. So here is your verification of WTAI, March 8, 1968 at 6:45 AM to 7:15 AM and 12:05 AM to 12:11 AM on March 9, 1968. Some confusion that night could be clocks here not set right. No WYOU "slop-over" here or near here.

We have good coverage to Orlando West to Cocoa North and I don't know to South. Going out to plot coverage with F.I. meter when water drops some.

Thanks for the listening and

73's
