102.3 MHz Stereo FM

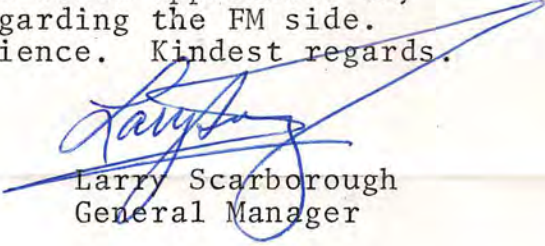

Mr. David F. Thomas
P. O. Box 11531
Tampa, Florida 33610

Dear Mr. Thomas:

Thank you very much for your kind letter of May 13. The delay in answering was brought on by our chief engineer's several out-of-town trips the last couple of weeks. For your record, future correspondence may be addressed to Mr. Alfred Hammock, Rt. 1, Box 7, Dunnellon, Florida, 32630.

To answer your question, WTRS-AM began program operations on March 2, 1970. As usual, our consulting engineer, Bill Kramer, did a beautiful job and got plenty of very able assistance from Mr. Hammock.

You can rest assured we would appreciate any reports you care to send regarding the FM side. Please do so at your convenience. Kindest regards.

Larry Scarborough
General Manager
