1000 WATTS - 1260 KCS.....BLAKELY, GEORGIA

---

Mr. David F. Thomas,  
Longwave Listening Post,  
Radio W. U. M. S.  
Proctorville, Ohio.

Dear Sir,

This is to confirm your report of March 6, 1961 in which you heard our DX program. Your report is correct and I appreciate you sending me the fine report. This is the first time we have tried anything like this and I wasn't sure this would work out. I am a ham operator and I work DX all the time. Anything you would like to know about Blakely or our station be sure and write me and I would be more than glad to answer any questions. Again let me say thanks for listening to us, and hope you get to come down this summer and can come to Blakely to see us. Lots of DX.

Yours truly,

*Terrell Willis*

Terrell Willis,
