Mr. David F. Thomas,
Proctorville, Ohio.

Dear Sir:

This will verify your reception of WGBA on December 12th 1951 from 5:30am to 6:00am E.S.T. The information contained in your report of reception was checked against our log and found to be 100 % correct.

Please excuse the delay in answering your reception report but we have been very busy in the engineering department for the past few months and are running behind on answering reports although they are certainly appreciated.

I noticed on your report that you expected to be in our area around Xmas and certainly wish that you could have dropped in to see us. If you make it back down next year look us up and we will talk DX.

Yours very truly,

William R. Atkinson
Chief Engineer
