Tampa, Florida 33610

Dear Mr. Thomas:

Thank you very much for your letter. This is to confirm your reception of our Frequency Test Broadcast on Monday March 16, 1970 from 3:30 until 3:37 A.M.

On this broadcast we had reports of reception from York and Reading, Pennsylvania; Staten Island, New York; and as far away as Forbestown, California.

We did not have any reports of any effect on our signal during the total eclipse.

On your next trip through Glennville, please stop by WKIG.

Best Regards,

*Keith Fields*
