Mr. David F. Thomas  
Proctorville, Ohio

Dear Sir:

We are pleased to confirm your reception of our station on October 23, 1947. Your report was gratifying since this was our third test and naturally we were very interested in receiving information concerning the performance of our station.

For your information we are using a Raytheon RA-1000 xmtr and a 335 feet Wincharger guyed tower and will be operating daytime only. Possibly you may hear us again in the future and you may rest assured that we will appreciate any comments on our station.

Thanking you again, we remain

Yours,  
WKTG
