

Dear *David,*

We are very happy to receive your reported receipt
of W. T. T. L. Radio on *daytime,*

A brief word about our operations: We operate on
1630 kHz with 10 kW Sun-up and Sun-down. We have a
tower directional array. It is first and last and heavy
of each day and in between too. We have been in operation
for about four and one-half years.
