December 30, 1975

David F. Thomas
P.O. Box 11531
Tampa, Florida 33680

Dear Mr. Thomas,

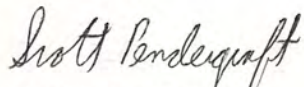

Thank you very much for your reception report of December 15th. I have checked our operating logs and found the information you gave to be correct, and can therefore verify your reception of WWNS on December 15, 1975 from 0115 to 0135 EST.

We have had 31 reception reports so far as a result of this test, the most distant so far being Nebraska and Quebec.

It is interesting that you heard us back in 1947 and 50. We have since added and improved upon our programming facilities, have gone through a couple transmitters, and added a sister station (WMCD-FM), but the location, building, and the tower are still the original. I have enclosed a sketch of our tower facilities and information about Statesboro that you may find interesting.

Again, thank you for your time spent tuning us in and sending us a reception report.

Sincerely,

Scott Pendergraft
Chief Engineer
