General Manager

Mr. David F. Thomas
Radio W.U.M.S.
Proctorville, Ohio

Dear Mr. Thomas:

Thank you for your letter of February 2nd and may I offer apologies for not having answered your previous letter of October 10th. What happened at that time was that our Chief Engineer died very suddenly during that week and everything was in great confusion.

Your description of our frequency check broadcast starting at 4:00 AM is quite accurate. We have had two or three others report that WJBK and WWSW have been interfering but there is little we can do regarding this.

It is always good to hear from you DX men, for being crowded in on the 1490 channel we are more than delighted to learn that we can be heard in other parts of the country.

Won't you let us hear from you in the near future?

Kindest regards,

BURLINGTON BROADCASTING COMPANY
