

December 26, 1979

Mr. David F. Thomas
1212 E. Comanche
Tampa, Fla 33604

Dear Mr. Thomas:

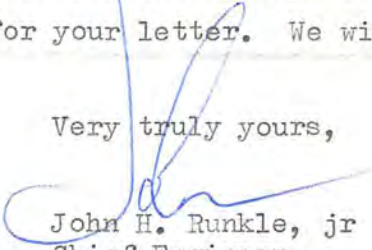

Thank you for your letter of the 17th...a am sorry you didn't get even a little bit of our test that you could identify. We will try it after a while again... it costs us nothing because we have a 24 hour FM with the AM station, manned 24 hours seven days.

In answer to your other question, I own KYET and its FM, KWBK in Payette. KBCN belongs to another family named Shaw. I have been their engineer since 1961 even though I have other interests including ownership of the antenna farm which is shared by all the local FM stations. Christian engineers are scarce. Engineers period are scarce since Tom Hill flew off and didn't come back two weeks ago.

KBCN meant Keep Broadcasting Good News early on... don't know it to have been intentional or not.

Agai, thanks for your letter. We will try again soon.

Very truly yours,

John H. Runkle, jr
Chief Engineer
