Mr. David F. Thomas
Radio W. U. M. S.
Proctorville, Ohio

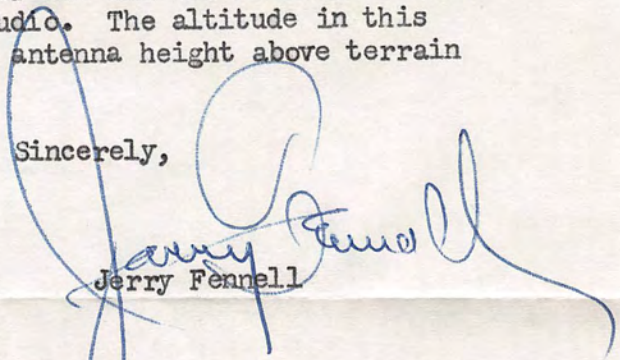

Dear Mr. Thomas:

Thank you for your report of February 18, 1957.

KYTE was conducting a test program from 1:01 A. M. to 1:34 A. M., MST. Since KYTE is a Music and News Station, our basic format was followed in music selections, with singing station ID's.

Our equipment is GATES. The studio is located at 355 Yellowstone Avenue with the transmitter one and one-half miles east with remote control from the studio. The altitude in this area is 4450-4500 feet and the antenna height above terrain is 200 feet.

Sincerely,

Jerry Fennell

jf/mf

P. S. DXer Harding of Akron was able to read our signal well enough to identify the program . . both music and station identification.
