Dear Mr. Thomas:

We wish to thank you for your report of reception of WAAF on October 9th. This was a test broadcast and we are glad to be able to verify your report.

You are right -- WAAF was completely destroyed by fire on May 19th of this year. Our engineers worked day and night building a new transmitter and a month later we resumed daily broadcasts. WAAF broadcasts from 6:00 A.M. Central Standard Time to local sunset. It should be much easier for you to get the station now as the new equipment is the very best obtainable.

Assuring you of our interest in your report, we are

Yours very truly,
