DEL DAYTON
CHIEF ENGINEER

DAVID F. THOMAS - Director
P.O. BOX 11531
TAMPA, FLORIDA 33680

Dear Mr. Thomas,

I regret to inform you that NOBODY heard WCMY on march 7. I came down with an illness a couple of days prior to the test and did not even report for work until 3 days after the test was to have been run. I'm sorry for the inconvenience, and I hope that we weren't the only station you were trying to DX that morning so that your morning was not wasted at least.

I contacted Great West DX ass'n. ~~at~~ and the ~~x~~ test has been re-scheduled for the 28th of this month, same time, same format.

Really regret not being able to get on that night, but I was too close to a case of pneumonia ~~to~~ to show up.

Thank you for your letter and I hope you have some luck picking us up on the 28th. (you might also spread the word to some of your DX friends if you get a chance to)

A new letter was sent out to all the DX clubs and you~~x~~ will probably see it appear fairly soon too.

Once again, sorry for the inconvenience. Feel free to write or call on the 28th....

SINCERELY,

Delner J. Dayton
