Dear Mr. Thomas:

So it was 20 years ago that you heard a DX program from us. We received a number of letters saying that this was the second time they had gotten our DX program, but no one from 20 years ago. Some from 1933 or 1934 - which is the last time we put on DX programs. Of course we received quite a few letters from others who heard us for the first time.

All in all the mail has been very interesting, and is still coming in.

Oh yes - your report was correct, and thanks for your nice letter.

Best wishes.

Yours very truly,
