Mr. David F. Thomas
Longwave Listening Post
Radio WUMS
Proctorville, Ohio

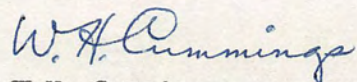

Dear Mr. Thomas,

Thank you very much for your letter commenting on the proposed merger of WLS and WENR into WLS, Inc. As you know, to date the FCC has not put their official okay on the merger but it is expected shortly.

This will verify your reception of WENR on 890 KC from 9:30-10:30 PM EST on March 5, 1954.

I hope that you will continue to listen to the ABC programs, which WLS as an affiliated station, will continue to carry.

Sincerely,

W.H. Cummings
Assistant Chief Engineer
in Charge of WENR
