Dear Mr. Thomas:

Thank you for your nice report of hearing our test.

We are a new station, we went on the air December 2, 1963 after a four year battle with the FCC. We employ a two tower directional antenna with 250 watts to protect WLAC at Nashville. At the present time we are trying to get up to 1000 watts. I hope we will be successful.

Enclosed you will find a copy of our coverage pattern.

Very truly yours,

Glenn F. Bircher (meh)
