Mr. David F. Thomas,  
Proctorville,  
Ohio.

My dear Mr. Thomas:

Your letter in response to the midnight hour broadcast is greatly appreciated.

It is very encouraging to hear from our listeners telling of blessings received, reminding us of the privilege that is ours to send the message of life, light and hope out through the channels of the night.

We earnestly desire your prayers for the radio ministry so that, if it be His will, many, who otherwise will never hear the Gospel of salvation, may be brought into a saving knowledge of Jesus Christ through this ministry.

Cordially yours,  
The Moody Bible Institute of Chicago,

*Hendell P. Loucks*  
Director, Radio Department
