Dear Sir:

We wish to acknowledge your post-card of dated March 9, 1931, wherein you reported hearing our station the morning of March 8, from 2:30 am till 3:10 am E S T.

Fortunately we have been able to secure the services of Harry Snodgrass, The King of the Ivories, quite regularly in the past, but due to his activities may not be able to use him on a late saturday night program more often than once a month.

Very Truly,

Garlin Baker
