THE MIDWEST'S MOST POWERFUL FM STATION

June 9, 1953.

Mr David F. Thomas
Longwave Listening Post
Radio W.U.M.S.
Proctorville, Ohio

Dear Sir:

This is to acknowledge receipt of your
Mobile DX report of May 31, 1953.

We wish to confirm your reception report
as accurate and congratulate you in-as-much as we
are operating under rather strained conditions.

May 16 our tower blew down in a tornado.
We are currently operating from one third wave length
end feed marconi 75 feet high, stretched S. E. and
N. W.

Thank you very much.

Very truly yours,

RADIO STATION WCSI
