Longwave Listening Post
Radio W.U.M.S.
Proctorville, Ohio

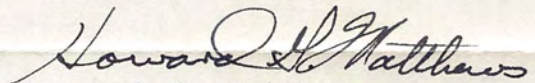

Dear Mr. Thomas:

This will verify your report of reception of WGRY on 18 January 1953. Your report was very accurate and very much appreciated by us here at the station. We apparently put quite a signal into your area.

Our equipment here is all RCA. Our transmitter is one of their Model BTA-1L. We have one antenna tower 207 feet high.

We here at WGRY are happy to have had this opportunity to cooperate with the members of the National Radio Club in presenting this special program.

Very truly yours,
RADIO STATION WGRY
