Mr. David F. Thomas  
Longwave Listening Post  
Radio WUMS  
Proctorville, Ohio

Dear Mr. Thomas,

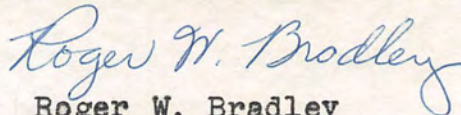

We are pleased to send you this letter of verification of your reception of WORX on December 10, 1956, during our special broadcast from 4:30 to 6:00 A.M. EST.

Happy to hear that we were putting a strong signal in to Proctorville. Quite a number of reports have been received with one from New Zealand coming the greatest distance. Strong signals were reported in both the east and west including Denver, Omaha, Baltimore and Providence, R. I.

WORX is located on top of Telegraph Hill, which is about a mile or so east of the road between Madison and Versailles. The road through Versailles is now US Highway #421.

Thank you very much for your interest in our special broadcast. Best wishes to you for a Happy Holiday Season.

Very truly yours

Roger W. Bradley  
Chief Engineer
